This is an overview on how to join our club.

You're registering for a "life time", so please go through the registration process patiently, reading all information.

Why to register

Although much of S.C. content is available to all visitors of our web, you can gain more "rights" by registering yourself, i.e. you can take part in forum discussions, post comments to articles, upload photos, articles, contact other people from S.C., etc.

The registration proces

is simple and consist of following steps:

- Read FAQ to learn more about Sub Club if you didn't do it yet. Please read this information page before you start with registration.
- Read Code of Rules and accept it
- A little test. This test is very easy for somebody, who is connected to submarines by a hobby or i.e. history interest. It's here to keep club cleaner, free from virtual jokers.
- Fill the registration form and submit it. That's it!

Personal Data

We claim, that data will not be used by us to spam users or send them emails not related to submarines and submarine hobbies. We will not share their personal information with 3rd party, hoewer we advice users to not put sensitive data into their profile (only first name, surname, email and non-specific data - i.e. country - will be required). User can fill more about himself/herself, i.e. county or city or his instant messaging number, however this is optional.
